

Christ Church Primary School

Together we can do all things through Christ who strengthens us

Week Ending 17/02/23

Message from Mrs Donelan

Thank-you to all our families for their support over the half term and to our pupils for working hard and bringing their smiles to school each day!

There are a few key dates to look out for next half term; bookings for parent teacher meetings on the 7th and 8th March have been sent out by the school office and during the first week back we are celebrating World book Day on Thursday 2nd —children can come dressed as book characters or depicting their favourite book or author.

We have also sent out a letter with arrangements for the NEU strike day on Tuesday 28th February, so please check to see details for your child's class.

Have a lovely half term break and we will see you all on Monday 27th February.

Weekly scripture focus, Philippians 4:7

AND THE PEACE OF GOD, WHICH SURPASSES ALL UNDERSTANDING, WILL GUARD YOUR HEARTS AND YOUR MINDS IN CHRIST JESUS.

– PHILIPPIANS 4:7

Prayer Requests

If you have any prayer requests that you would like us to take forward to the prayer group then please email them to: ethos@christchurch-moreton.wirral.sch.uk

Look what we enjoyed this week

Pre-school have been super busy this week using their fine motor skills to build up the strength in their little hands.

FS2 have been enjoying their forest school sessions, making creative patterns and moving and selecting different natural objects for their work and on Friday morning we had reward buffet along with a film!

Year 1 have created their own chocolate bar wrappers and have wrapped their own chocolate bars this week.

Year 2 enjoyed their SCODE lesson this week and also performed their value assembly for our parents.

Year 3 had lots of fun and have been very inventive this week experimenting with clay and creating their very own cups!

Year 4 are continuing to enjoy their clarinet lessons, have been busy publishing their final drafts of their non-chronological reports about dragons. They have revised and edited their work this week using our ARMS and CUPS reminders! Some beautiful, factual writing- well done!

Year 5 used balance arguments to debate whether Lady Macbeth was good or evil, we then enjoyed watching the year 6 collective worship and learning about Henry the 8th.

Year 6 are learning about angles of incidence and reflection and how light reflects by making periscopes, which ties in with their learning in history and WW2.

Nurture class have really enjoyed making a carrot, raisin and orange salad in this weeks DT lesson.

Important dates for next term!

Monday 27th February whole school opens

Tuesday 28th NEU strike—see letter

School Spider Offline Update

Some CDAT schools use School Spider to create and host school websites and, in certain schools, for email and text communication. In a limited number of schools it is used for money collection and absence reporting. On Friday 10th February, School Spider informed customers that their server provider detected a breach of their internal network, and they essentially turned all the power to these servers off.

Since this time, they have been working to recover their systems and determine any risk to data stored on those servers and within the School Spider system.

Key points are:

- No payment data is stored within the system.
- No data was taken out of the system by a third party (confirmed by the School Spider Data Protection Officer (DPO) and Founder today, 14th February).
- Data was destroyed, including the hourly system backups and any messages, parent surveys or forms sent by the school after the 22nd January. The last backup available is that of the 22nd January, which is what is being currently used.
- The breach has been reported to the Information Commissioners Office (ICO) by the server provider and School Spider have stated that they have followed all ICO guidance. The CDAT DPO has called and spoken to School Spider and, together with CDAT Management Team and School Senior Leadership Teams, are receiving regular updates.
- The data breach has been logged in the Trust's data breach log. There is no evidence, based on the information shared by School Spider, of unauthorised access to personal data held on the system.

We will keep you informed of any further relevant information received in relation to this matter.
