

Maths

In Maths, we will be revisiting the basic 4 operations of addition, subtraction, division and multiplication. We will be grouping the children into 2 groups so that we can tailor the curriculum around what the children need and teach bespoke content for the 2 groups.

Topic

For the next 3 weeks we will continue our topic 'Hakuna Matata'. Then as part of our whole school focus 'Christ Church Chance to Shine' fortnight, we will be focusing on the country of Poland.

RE & Worship

In RE we will be learning about 'Judaism' and will look at the story of Moses, traditional Jewish traditions including the Shabbat and we also have a Jewish visitor coming to help us learn more about Judaism.

Our value for this half term is...

HUMILITY

Christ Church (C of E) Moreton Primary School
Summer Term 2 2021
Y2 Curriculum Newsletter

Important reminder

Please don't forget that our Kenyan excite day is on Friday 11th June. Children can come into school dressed in the colours of the Kenyan flag or traditional African clothes if they have them! We have an exciting day full of activities planned - if you have not managed to already, please ensure that you pay your contribution through Parent Pay as soon as possible. Thank you!

General

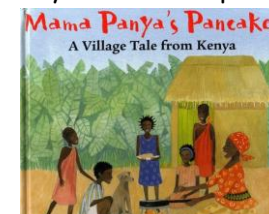

This half term, PE will be every TUESDAY for both classes. The children will be starting a unit on athletics, as we get ready for our sports day.

Please ensure children bring a named water bottle every day to school as the weather is getting much warmer. If you would like your child to bring sun cream in to top up at lunchtime, please ensure that they can apply this independently. Thank you!

English

This half term we will be looking at a Kenyan text called Mama Panya's pancakes. This will include us writing instructions for pancakes, descriptions of an African market and then the children will be retelling the story in the first person.

Homework

Homework will continue to be set on seesaw every **Friday** to be completed at home and uploaded back onto seesaw by the following **Wednesday**.

We will continue to update children's Collins account with the children's eBooks. Please try to teach your child how to log into their account themselves as we are starting to use the app in school too!

Please also log on and encourage your child to play TT Rockstars to develop knowledge of multiplication and division.

Children are encouraged to complete their homework independently, using their phonic knowledge to help them to spell unknown words. Thank you 😊.
