

Christ Church Primary School

Together we can do all things through
Christ who strengthens us

Monday 15th May 2023

Dear Parents and Carers,

We have been contacted by OFSTED today to inform us that they will be visiting Christ Church on Tuesday 16th and Wednesday 17th May.

Our families and school team have worked tirelessly together through COVID and the challenges of returning to 'normal' over the last few years, deepening our home school relationships to provide the very best for our children. We have extended our provision to include a brand new pre-school, classrooms, swimming pool, forest area and art room. We have developed a bespoke curriculum and brought outside professionals into school to support children.

This is our time to celebrate all that we have achieved together with you and we would encourage you to log onto the parent view link on the attached letter to show your support for our school.

The OFSTED inspectors will be on the playground at the start and the end of the school days to meet families; please do make yourself known and share some of the great things we have achieved together.

We are all incredibly proud of our school family and I hope that this inspection will be a celebration.

Many thanks

Mrs Amanda Donelan
