

Christ Church Primary School

Together we can do all things through Christ who strengthens us

Week Ending 19/04/24

What a lovely first week back we have had at Christ Church. Despite some inclement weather, the children have shone with sunshine for us this week. Summer Term is here; it has been so nice to see the children returning to school in their summer uniforms (don't worry if your child has not changed over yet, due to the cold) and watching them prepare for Sports Day in their athletics lessons. We have lots of exciting things coming up this term. The Happiness Heroes have been planning their next module and are going to be delivering assemblies throughout the school, as well as starting up a new lunchtime club. Eco club have been designing their tree champion in their club this week whilst enjoying being in the forest school area. Year 3 are preparing their songs to take part in 'The Big Sing' later in the Summer Term, which we took part in last year and it was such a great experience, and Year 4 are preparing for their residential visit to Barnstondale.

This week, we have introduced our value of 'joy' in collective worship and the children have been reflecting and responding deeply about the difference between happiness and joy. We are super proud of them!

Look out for the letter that will be coming out next week with information about the Year 5 Secondary School applications meeting on the 29th April in the school Hall.

Thank you for your continued support.

Have a lovely weekend, Mrs. Amanda Donelan

Look what we have enjoyed this week...

Pre-school have been looking at a new story called "The Naughty Bus". The preschool children created a story map and have enjoyed doing activities linked to our book!

FS2 Lots of imagination and collaboration in the home corner this morning. F2 are cooking, ironing, watching tv and making phone calls. What a creative bunch!

Year 1 have had a brilliant first week back at school. We've started exploring our new book - The lighthouse keepers lunch. In maths, we have started looking at division and sharing amounts out. We are looking forward to exploring 'how do we keep safe at sea?' in history and geography. We used our checking glasses to purple polish our work!

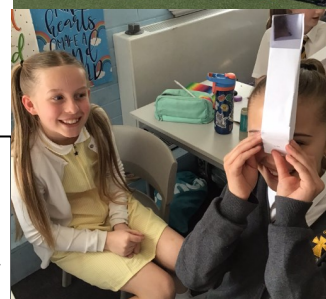

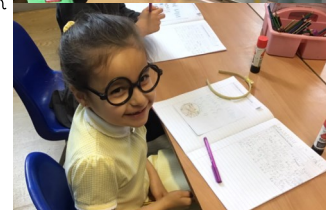

Year 2 have been learning all about Amy Johnson and her solo journey to Australia in 1930. We were then amazed to learn that just 40 years later man walked on the moon! 'One small step for man, one giant leap for mankind!'

Year 3 have started their new key text this week: 'Charlotte's Web'. They have been using their inference skills to deduce what Fern is like as a main character. In Maths they have been learning about the 24- hour and the 12- hour clock and how time can be represented. SCODE has been about super suffixes and the changes that can be made to a root word.

Year 4 have began the summer term with a bang! Quite literally- we have explored what happens when we banged tuning forks and observed the vibrations in water and sugar: we loved watching rice grains dance on drum skins!

Year 5 have enjoyed welcoming back our Year Five children this week. We have started to practise our athletics skills in readiness for sports day, we are conquering our decimals in maths and have drafted creative poems in English.

Year 6 have settled back to their work really well and they seem as eager as ever in all lessons. In English, they have continued to read Letters from the Lighthouse and are writing a first person account of a key event in the story. In maths, they have successfully completed a variety of challenging problems involving ratio and fraction equivalences. During this week's science lesson, the children have explored how periscopes work and have even constructed their own.

Weekly Attendance:

96.0%

Next weeks menu is... Week 2

Please see our website for menus, and you can pre-select children's meals on Parent Pay.

Notices

Dates for the diary:

Monday 22nd April: Judo Club 3.30pm-4.30pm
