

## Maths

In Maths, we will be starting our place value unit and then looking at addition and subtraction. It would really help your child if you counted regularly with them - in ones, twos, fives and tens initially and then in threes when they became more confident. Thank you!

## Topic

Our first topic in year 2 is:

## WONDERFUL WIRRAL

We will start by focussing on geography and looking at map skills and identifying features of our peninsula. In art the children will look at local graffiti artists and we plan to create our own piece of graffiti art!

## RE & Worship

In RE, the first Christian Concept that we will be learning about is 'Good news' and we will be thinking about how Jesus' miracles teach us good news.

Towards the end of the half term, we will prepare for our Harvest celebrations.

Our Christian value for this half term is...

The children will be developing their basic skills of sentence structure, learning new adjectives and developing their stamina for writing by retelling the story. We will continue teaching children phonics and supporting them in learning new spelling patterns and rules.

## Homework

Homework will be set on seesaw every **Friday** to be completed at home and uploaded back onto seesaw by the following **Wednesday**.

We will continue to update children's Collins account with the children's eBooks. If you are unable to access this, please let us know and we will try to help!

**Children are encouraged to complete their homework independently, using their phonic knowledge to help them to spell unknown words. Thank you ☺.**
