

Christ Church Primary School

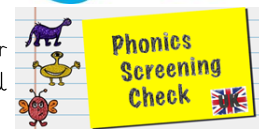

Together we can do all things through Christ who strengthens us

Week Ending 14/06/24

We are thankful to have had some bouts of sunny weather this week amongst the rain. The children have loved their swimming sessions again this week. We have even had our new starters for September swimming after school, which has been lovely.

Our Year 1 children have worked hard on their phonics screens this week, whilst Year 4 have been demonstrating their skills on the Multiplication Check. The teachers in both Year 1 and Year 4 are super proud of the hard work and positive attitude that the children have displayed. Well done Year 1 and Year 4!

On Monday, our wonderful school choir performed at Christ Church church for parents and parishioners. What a treat we had. It was so full of fun and a delight to watch. The children were so professional in both their singing and their dancing, and we had some extremely talented soloists. We are beyond proud of them and enjoyed the special guest who turned out to be Reverend Ron. Thank you to the church for hosting and to Mrs Radford for preparing the children so well.

Please see attached the flyer for the Summer club being held at our school when we break up. We held one at Easter and it went really well, so we are running one for a week and a half in July.

Thank you for your continued support, have a wonderful weekend.
Mrs Grant-Jones

Look what we have enjoyed this week...

Pre-school have made a splash in swimming this week! We are super proud of how preschool have tried their very best in learning to swim independently. We are excited for more sessions next week!

FS2 are continuing to learn about sea creatures and ocean life and have really enjoyed splashing about, like little fish, in the swimming pool this week. We have splashed, blown bubbles, had races and enjoyed getting our teachers very wet with big kicks. We can't wait to get back in the pool next week for more water fun.

Year 1 have been on a seasons walk this week for our science learning. Year 1 were amazing at noticing patterns and changes in the weather and the world around them. We collected evidence to show how our planet changes all the time.

Year 2 have had a busy week swimming, cooking and enjoying a fabulous trip to the Blue Planet Aquarium; the children loved seeing all the different kinds of fish in real life. What a wonderful week!

Year 3 have thoroughly enjoyed their swimming sessions this week! They have started learning about Fair Trade and are preparing a piece of writing to explain all about it. In art, the children have begun learning about line and shape, focussing on perpendicular and parallel lines.

Year 4 The teachers are so proud of every single child in Year 4... they have worked incredibly hard on their times tables all year and showed off their skills in the MTC this week. The children will be rewarded with a tasty treat on Friday afternoon!

Year 5 have had a brilliant week swimming; the children have impressed us with how sensible and eager they have been in the pool. We have also spent time this week learning how to play badminton and tennis in the sunshine on Friday afternoon.

Year 6 have been working extremely hard learning new songs for their end of year 6 production. They have worked really well collaboratively to create the best performance for parents and carers to enjoy. We are also looking forward to performing for our younger peers in a few weeks time. Earlier this week we also did some online learning about Anne Frank for Anne Franke Day.. Well done year 6!

Weekly Attendance:

96.5%

Attendance Matters

The menu next week is... Week 1

Please see our website for menus, and you can pre-select children's meals on Parent Pay.
