

Maths

In Maths we will be continuing to learn about numbers up to 10. We will be developing our ability to subitise (say how many is in a group without counting each object) and using our knowledge of numbers to add and subtract in simple problems. We will be learning to use toolkit resources to help us solve problems and learning to justify and explain our thinking in mathematical problems. In our busy time we will be exploring capacity, 2D and 3D shapes (inc names and properties) as well as using measures in our activities.

Topic

This half term we will be linking lots of our learning to our themes: Super me, super you, super families! And then Christmas/Nativity. We will be thinking about what makes each of us special and unique and how we can celebrate this. We will be thinking about our own aspirations, learning about different jobs and roles as we grow up as well as discussing our families and the important people in our lives. We will be using key texts to support this learning - Supertato and A superhero like you.

General

Please remember to continue to send in a water bottle, bookbag and waterproof coat each day. We are encouraging children to drink at regular times throughout the day but if you have concerns regarding this (as we are aware some children are avoiding it occasionally to be able to play with their friends!) then please speak to your child's class teacher. Forest school sessions will commence this half term - look out for an email with further information!

We are now using the email address f2@christchurch-moreton.wirral.sch.uk for our correspondence.

Foundation Stage 2 Curriculum Newsletter

Diary dates & events

We had a wonderful first half term together in Autumn 1 and are super excited for what's to come this half term! Below are planned activities but please note these may be subject to change if guidance for schools change in any way. We will do our best to keep you updated with enough notice if things are required to change.

Upcoming things to note...

Aspirations Day

Thursday 25th November

Children can come dressed up as what they want to be when they grow up for the day!

Phonics Workshops

Class 1 30.11.21 4.15pm (parent only) and 1.12.21 9.00am (parent and child)

Class 2 1.12.21 4.15pm (parent only) and 2.12.21 9.00am (parent and child)

FS2 Nativity / Christmas Performance

8.12.21 PM

Please note there may be additional dates for this as we may change the format slightly to be in line with numbers of adults on site etc. We will update you on this asap so you can book the date in your diaries!

Christmas Church Services

Thursday 16th December AM

Please keep a check on your emails as this is our best method of communicating important information with you under the current circumstances, thank you.

Nurturing achievers,
who in Jesus' sight are:

Resourceful, Reliable, Respectful and Resilient

www.christchurch-moreton.wirral.sch.uk

English

In English we will be continuing to use our themes and texts to support our learning. We will be focusing on refining our oral blending and segmenting skills, beginning to write some sounds that we have learnt in order to convey meaning and beginning to blend sounds to read simple words. We will be developing our handwriting formations and learning to use our reading and writing to help us in activities that are linked to our class texts such as creating wanted posters for characters, writing speech bubbles and reading clues!

RE & Worship

In RE we will be learning about the Christian Community. We will be spending time each week learning about this through stories and activities as well as taking part in regular worship where we sing together and join members of our community such as Christ Church Clergy.

Homework

As we progress through the year, we will send home activities and ideas of things you can do that would help to consolidate your child's learning and development at home. Further information on what is suitable for your child will be shared with you over this half term. For now, we hope after school time is full of love, laughter and play time as your children have worked so hard in school that down time and time with family is just as important.
